

ANTA
BATTENTE
STAVE
HINGED DOOR

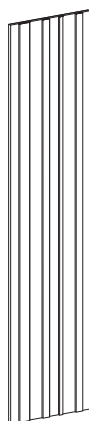

Ante con doghe verticali, moduli curvi e apertura push-pull sono gli elementi che caratterizzano l'esclusivo armadio battente Stave. L'apertura push-pull rende l'anta funzionale ed esteticamente impeccabile: priva di maniglie, ha l'aspetto di una boiserie, una particolarità che rende l'armadio Stave particolarmente adatto a essere usato come parete divisoria tra due ambienti.

Doors with decorative vertical battens, curved modules and push-to-open mechanisms are the features characterizing the exclusive Stave hinged door wardrobe. The push-to-open system makes the door functional and aesthetically flawless: with no handles, it has the appearance of wall panelling, a trait that makes the Stave wardrobe particularly suitable for use as a room divider.

RIDUZIONI A MISURA / CUTTING TO SIZE

L'anta STAVE può essere ridotta in altezza.

STAVE doors can be reduced in height.

ARMADIO BATTENTE / PIEGHEVOLE HINGED / FOLDING WARDROBE

Nei moduli battenti con doppia anta, l'anta di sinistra è sempre con battuta parapolvere. Le ante vengono fornite con cerniere rallentate e basette lineari a triplice regolazione premontate.

On modules with double hinged doors, left-hand door always has dust seal buffer. Doors come ready fitted with soft-close hinges and 3-way adjustable straight hinge mounting plates.

Note per la sicurezza / Notes on safety

L'apertura contemporanea di tutte le ante (per armadio battente o pieghevole) ad armadio completamente vuoto può causarne il ribaltamento, quindi va previsto tassativamente il fissaggio a muro.

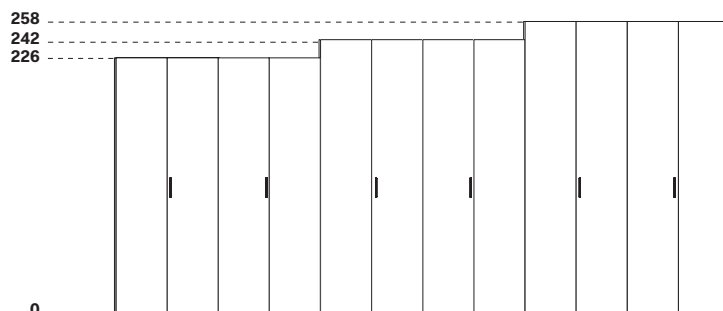

Opening all doors (on wardrobes with hinged or folding doors) at the same time with the wardrobe completely empty may cause it to tip over, hence it must be fastened to the wall without exception.
